

#1 - 4th July 2016

Thank you for registering your email address at the KUR-World website, and welcome to the first KUR-World update.

Last week, Reever and Ocean Developments received advice from the Commonwealth Department of the Environment that KUR-World has been declared a controlled action. This means the project will require assessment and approval under the EPBC Act before it can proceed.

A full copy of Reever and Ocean Development's application and the Department's decision notice can be viewed at [Commonwealth Department of Environment](#).

An application has also been lodged with the Queensland Coordinator-General to declare KUR-World a coordinated project. A decision is expected shortly and we will let you know as soon as we hear.

In the interim, if you have any questions please don't hesitate to [email](#) and we will respond in due course.
