Re: Anzac Park - Tender for works

Hi MSC,

I was checking on the MSC website on this Public Tenders page:

<https://www.vendorpanel.com.au/PublicTenders.aspx?profileGroupId=6905>

For the tender for works at Anzac Park, Kuranda.

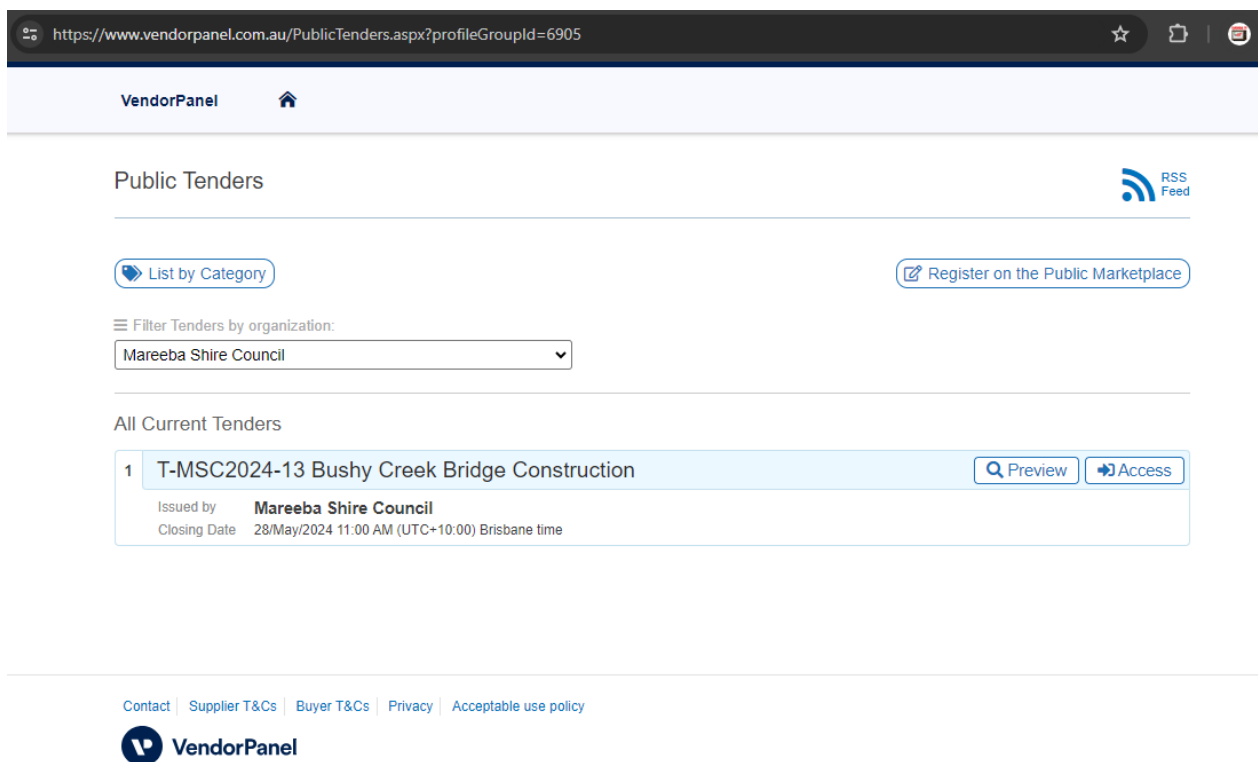

Can you please advise if the works will be put out for tender and the expected timing on this?

Thank you.

Kind regards,

Jo Martin

for Kuranda Region Planning Group

The screenshot shows the VendorPanel website interface. At the top, the browser address bar displays the URL: <https://www.vendorpanel.com.au/PublicTenders.aspx?profileGroupId=6905>. The page header includes the VendorPanel logo and a home icon. The main content area is titled "Public Tenders" and features an RSS Feed icon. Below the title, there are two buttons: "List by Category" and "Register on the Public Marketplace". A filter section allows users to "Filter Tenders by organization:" with a dropdown menu currently set to "Mareeba Shire Council". Under the heading "All Current Tenders", a single tender is listed: "1 T-MS2024-13 Bushy Creek Bridge Construction". This tender entry includes "Preview" and "Access" buttons. Below the tender details, it specifies "Issued by: Mareeba Shire Council" and "Closing Date: 28/May/2024 11:00 AM (UTC+10:00) Brisbane time". The footer contains links for "Contact", "Supplier T&Cs", "Buyer T&Cs", "Privacy", and "Acceptable use policy", along with the VendorPanel logo.
